CYBER RISK MANAGEMENT SOLUTIONS

COMPREHENSIVE CYBER RISK ASSESSMENT

Using our unique risk model approach, we evaluate cyber strategy, culture, policy and processes as well as assessing architecture, supply chain, IT/OT infrastructure and training practices. We deliver a detailed action plan to fill identified gaps.

CYBERSECURITY & SOCIAL MEDIA INTELLIGENCE

GSIS contextualizes exposure to exploitation by known malicious actors. We assess social media, web presence, dark web and other indicators to provide a report of negative or exploitable information.

PENETRATION TESTING & CYBER HYGIENE

We provide certified ethical hacking and cyber hygiene services to assess cyber defenses and methods to mitigate risk.

CLOUD SECURITY READINESS

We assess and evaluate use of cloud services and cloud security practices to support digital transformation initiatives.
