

CYBER THREAT INTELLIGENCE SERVICES

**Malicious cyber actors are increasingly more sophisticated and destructive.
Cyber intelligence is a key discipline to reduce the risk from these threats.
Is cyber intelligence in your toolkit?**

GSIS possesses unique cybersecurity knowledge and expertise. Led by one of the foremost cybersecurity officials in the nation and supported by a team of cyber policy and technology experts, our cybersecurity solutions provide a full range of cyber risk, incident response and training services. We help organizations identify threat origins, gather intelligence, protect sensitive information, manage brands and reputations and monitor emerging threat trends. Using world class threat intelligence, we provide intelligence services and training solutions needed to prepare organizations for new and emerging cyber threats.

CYBER THREAT INTELLIGENCE SOLUTIONS

CYBER INTELLIGENCE ASSESSMENTS

GSIS will assess enterprise use of cyber intelligence and provide recommendations for tradecraft improvement, cyber intelligence cell establishment or remedy knowledge gaps through tailored training.

THREAT INTELLIGENCE PLATFORM

We advise in the design, architecture and integration of threat intelligence roles, procedures and services into security operations centers.

CYBERSECURITY & SOCIAL MEDIA INTELLIGENCE

GSIS contextualizes enterprise exposure to exploitation by known malicious actors. We assess social media, public web presence, dark web and other available indicators to provide an overview of exploitable vulnerabilities.

THREAT MANAGEMENT & INSIDER THREAT REVIEWS

Today's cyber actors are increasing the sophistication and complexity of their reconnaissance and attacks. We provide insights to inform decision-making and mitigate these threats.
